Anaesthesia CO₂ Absorbents

CARBO₂LIME[®]

LITHOLYME[®]

Carbolime[®] carbon dioxide absorbent is a granular soda lime based compound intended for the efficient removal of carbon dioxide from closed and semi-closed patient breathing circuits without the use of potassium hydroxide (KOH).

Litholyme[®] is a new carbon dioxide absorbent for medical use that eliminates the common concerns with traditional soda lime based products in that it eliminates the potential for production of compound A, carbon monoxide, and excessive heat. Its patented formula does not contain any NaOH or KOH, and features a permanent colour change that will not revert over time.

Standard Features:

- No KOH—Minimum anesthetic agent degradation (e.g., sevoflurane to Compound A and other toxic products) compared to other brands containing potassium hydroxide
- Minimum dust levels with the benefits of high surface area and graded particle size
- Low risk of carbon monoxide formation due to good resistance of dry gas desiccation
- Low odour due to reliable control of indicator dye concentration. Dye overdosing causes amines to be released; dye underdosing causes poor/no colour change

The Litholyme Advantage	Benefits to You and the Patient
No degradation of inhalation anesthetic agents	Maximum safety
Permanent colour change	Unmistakable absorbent status
Efficient canister life	Cost effectiveness
High-quality formulation	Reliability you can count on

Bulk

- #700-55-01-0013 Litholyme, 21L pail
- #700-55-01-0014 Litholyme, 5L jerry can, case of 2
- #700-55-01-0016 Litholyme, 1.6L bag, case of 12
- #700-55-01-0023 Carbolime, 21L pail
- #700-55-01-0024 Carbolime, 5L jerry can, case of 2
- #700-55-01-0026 Carbolime, 1.6kg bag, case of 12

Prefilled Cartridges

- #700-55-01-0015 Litholyme, 1kg cylindrical canister, case of 12
- #700-55-01-0017 Litholyme, GE® multi-style cartridge, case of 6
- #700-55-01-0018 Litholyme, GE® compact style cartridge, case of 10
- #700-55-01-0019 Litholyme, Dräger style cartridge, case of 6
- #700-55-01-0025 Carbolime, 1kg cylindrical canister, case of 12
- #700-55-01-0027 Carbolime, GE® multi-style cartridge, case of 6
- #700-55-01-0028 Carbolime, GE® compact style cartridge, case of 10
- #700-55-01-0029 Carbolime, Dräger style cartridge, case of 6
